PROPOSED BY-LAW CHANGES

The Board of Directors has reviewed and approved changes to the By-Laws as set forth below. As required by the present By-Laws the changes were submitted in writing by at least five members of the club, namely Dick Brown KT6X, George Jones KI6YK, Dick Schulze AA6DL, Jay Caldis KT6Y, Jim House KA6IVF, Jim Perry AA6CK, Vickie Zumwalt N6KLS, and Glen Zumwalt KJ6EN. The bold-face and underlined type indicates new language and the strike-out indicates existing wording to be deleted. Many of the changes are for clarification. Attention is called to Art. II sec. 6 wherein it is proposed that the Chairperson of the RRRG be a voting member of the Board of Directors. The proponents believe that this will foster a closer working relationship with the RRRG and the MDARC. A question was raised in 1986, when the dues were raised to \$15.00, as to the procedural method used. The wordings of ART. V. sec. 1 are not shown as passage of the proposed amendments but merely as clarification. The proposed changes will be presented to the membership at the January meeting for action by the membership.

~~CONSTITUTION~~ BY-LAWS OF THE MOUNT DIABLO AMATEUR RADIO CLUB
~~WITH BY-LAWS AND AMENDMENTS.~~
~~(CORRECTED TO DECEMBER 15, 1986)~~

MOUNT DIABLO AMATEUR RADIO CLUB
ANNUAL CHRISTMAS PARTY - 1988
By the Editor

Early arrivals found the room for the Club dinner and festivities arranged for a movie! Chairs all alligned, facing one way, NO TABLES SET-UP FOR THE DINNER! NO TABLES! Instructions originally given for the room had gone awry

Early arrivals Dick Schulze George Jones, Jay Caldis, Jane Walker, and others as they arrived, found tables and rearranged the chairs before the party could begin.

A catered dinner was served buffet-style at 6:30 PM.

Awards chairperson, Jane Walker presented awards that included "Ham of the Year" to George Jones, the "Kilroy Key" to Scott Thomas, a "Special Services Award" to Larry Kaye.

Silver belt buckles were awarded to Chuck Patterson, Scott Thomas, Mike Whitten and Jay Caldis for teaching more than one year at our radio school, and Stan Christian as Editor of the Carrier newsletter. Lauren Styles, Shirley McGlathery, Joe Gregory and George Roush received awards for special services.

Other humorous and fun awards were given.

The Grand prize, a Yaesu 220 HH from H.R.O., went to Bill Hall KB9M. The Base Station's gift certificates of \$50, \$40 and \$30 went to Jay Caldis, Scott Thomas and Rufus Bryant. Also from the Base Station, an International Callbook, a North America Callbook and an ARRL Handbook, were prizes to Brian Coyne, Joe Gregory and Gene Capener.

The Christmas tree was beautifully decorated by Rochelle Brown (daughter of Vicki Zumwalt).

Thanks to George Roush and XYL Bertha for planning and room decorations.

Santa Claus, (wearing cowboy boots with aplomb!), distributed gifts to the children present, and

from his long list knew what everyone wanted for Christmas. He was humorous, ingratiating, jolly, and entertaining. Thanks, Santa !

THANKS FROM AWARDS CHAIRPERSON

Jane Walker N6NVA, chairperson for the Annual Christmas and Awards Party, sends a SPECIAL THANKS to all members who participated in this event.

An Awards and Christmas party of that size was successful only with volunteer help, of which there was an abundance, including the clean-up.! THANKS, THANKS TO ALL.

A WIFE'S THOUGHTFULNESS

Austin Reid KB6MIM, contacted Roger Rueber W4DEWS, Oronoco, Minn. on 10-meters October 11, 1988 and both agreed to exchange QSL cards.

On December 4 Austin received a blank QSL card with the following letter:

Dear Austin: I'm Roger's wife. Just wanted to tell you why Roger didn't send a QSL card to you. On October 11th he had a heart attack and died on the 13th. The morning of the 11th he made 12 contacts, and YOU WERE HIS LAST CONTACT for the day, so I know he would want this to be. He was operating right up to the end. Lots of luck to you.

Sincerely, Vera Rueber

JANUARY AMATEUR TELEVISION NOTES By Mike Scott, N6GOZ

I would like to begin this column by wishing all the ATV'ers and participants All The Best for 1989.

1989 promises to be another banner year for this latest form of Amateur Radio with new equipment appearing on the scene and lots of exciting opportunities for us to promote this very public portion of our hobby.

The past year has seen great improvements in picture quality both from the repeater and from those using it. We have come up the learning curve and are now at a point where we can confidently advise newcomers how to avoid many of the frustrating problems marking ATV development over the past years.

Perhaps the most visible evidence of the growing popularity of ATV is the number of users on the repeater. We started with only a few but now there are 20 plus people with transmit capability and many times that number with receive-only stations. There are currently five active repeaters in Northern California with the two main systems located in the Bay Area.

1989 will be marked by a number of improvements to the Diablo system. Negotiations are currently underway with Don W6NKF to form a 2nd group charged with providing funding and technical sources for the machine. Don, the founding father and the owner of the system, with little recognition, has spent many hours and dollars over the years trying to get the system up to par. The time has now come for him to get some enjoyment from the system without the burden of maintaining it. The system will remain Don's, as trustee, and W6NKF will continue as the callsign. The responsibility for maintenance and new additions including commercial grade equipment, links, and new

outputs, will fall to the Mt. Diablo Amateur Television Association (MDATVA) whose links with the business community and the Red Cross will be used to solicit substantial donations of money and equipment for use in the ATV community.

Our goal is to have a system of commercial quality that is linked to other systems of equal quality and have the capability of providing ATV coverage over all of Northern California.

ATV activity for the coming year will include: continued live coverage of most MDARC meetings, live coverage of all shuttle flights (DOD flights excluded), Novice license classes, Sunday night Westlink broadcasts, live satellite downlinks of emergency services programming, Field Day coverage, and numbers of other events of interest to our viewers.

Other projects planned by the group include the development of an airborne ATV pack, the development of an existing 220 repeater with full VHW/UHF 10 and 6 remote capabilities to be utilized for ATV work over the Bay Area and beyond. This may seem like an ambitious schedule but we are an ambitious group. Contrary to some opinions, we are not insular but welcome anyone who is interested in getting into this hobby. ATV is really quite inexpensive to view and not much more to get to the transmit state. Yes, Novices can use the ATV repeater on Diablo.

If you want to find out more about ATV, check into the ATV net on 2 meters and 220 (soon). The net meets on Thursday night at 8PM on 147.060/R+ and 223.840/R-. It is also carried live on both the Mt. Diablo ATV repeater on 427.250 (catv ch.58) and the Black Mt. system that has a 2 GHz output and is viewable via one of those little HBO 2 ft. dishes.....73's.....
